

## Divine Spin – Shirley Weaver

We live in the end of days. Many things are beyond our control. Those things spin — facts distorted to heighten emotion, create confusion, and ultimately pull as many as possible *into* the spin.

The world is shaking. Those who cannot have their way make even more noise. Strife is preferred and the resulting whirlwind wears down the human spirit, *meant* to be that way by influences behind the scenes.

This time is why believers' specialty in prayer is priceless! We take our positions on the Lord's side. Ours is a *different* spin . . . divine whirlwinds of God! With authority over chaos and spin, we prove the Word given ahead of time, for *this* time. As we pray, the Lord is magnified . . . judgment *against* actions; mercy for those responsible.

Pray into every chaotic whirlwind-situation: 1) The lordship of Jesus—deliverance to separate the person *from* the situation; 2) A way of escape for those marked for righteousness--uncover deception; 3) Established faith—the power of God on display, greater than *conventional* wisdom.

The people who know their God are strong and do exploits. The enemy-destroyer is Satan but our Lord is Champion and Deliverer; He has prepared His people in advance of the storm.

Amen.
